

COMPLAINTS AND FEEDBACK POLICY & PROCEDURE

Purpose

The purpose of this policy is to set out Deaf Children Australia's (DCA) commitment to receiving, responding to, and learning from feedback and complaints. It ensures that all concerns are handled fairly, transparently, and in a way that promotes safety, inclusion, and continuous improvement.

This policy is designed to:

- Protect and uphold the rights of people engaging with DCA to raise concerns free from retribution, victimisation, or any form of adverse treatment.
- Provide clear, accessible, and culturally safe ways for people to share feedback or make complaints.
- Support a consistent, fair, and timely approach to resolving complaints and using them to improve services.

Scope

This policy applies to all Deaf Children Australia (DCA) programs, services, and activities, including specialist services and our Inclusive Employment Australia service, Sign For Work.

It covers:

- All participants, their families and carers, community members, employers, interpreters, and other external stakeholders who engage with DCA.
- All feedback and complaints about DCA services, whether positive or negative, formal or informal, anonymous or identified.

Policy Statement

- Feedback and complaints are welcomed and valued as opportunities to improve services.
- Participants and stakeholders are encouraged to raise concerns promptly so they can be addressed quickly and fairly.
- People have the right to raise complaints free from retribution, victimisation, or disadvantage.
- Complaints will be acknowledged within 2 business days and resolved as promptly as possible (aim: within 21 business days).
- Processes will be accessible and culturally safe (e.g. Auslan, interpreters, easy-read, online forms, QR codes, staff assistance).
- All feedback, whether positive or negative, will be recorded and shared appropriately to recognise good practice, address issues, and inform service improvements.
- Feedback and complaints contribute to continuous improvement through DCA's quality management systems, including staff input, monitoring, audits, and service reviews.
- Participants will be informed of their right to make a complaint and provided with clear information on how to do so at first contact, referral, registration, and at any time upon request. Copies of this policy and information about the complaints process will be available, and DCA will provide this information in accessible ways wherever possible.
- DCA will ensure that participants and stakeholders are informed of their right to make a complaint and can access this policy and information about the complaints process in formats that meet their communication needs.

Principles

When managing feedback and complaints, Deaf Children Australia is guided by the following principles:

- **Respect:** Every person is valued and treated with dignity.
- **Accessibility:** People can raise concerns in ways that suit their needs, with Auslan, interpreters, and other supports available.

- **Transparency:** Processes are explained clearly, and people are kept informed of progress and outcomes.
- **Fairness:** Complaints are handled impartially, and everyone has the right to express their views.
- **Safety:** People are supported to raise concerns without fear of disadvantage or negative consequences.
- **Confidentiality:** Information is kept private and shared only with those who need to know.
- **Learning and Improvement:** Feedback and complaints help us to strengthen our services and make positive changes.

- **Quality & Compliance Manager:** Maintain the Complaints and Feedback Register, monitor compliance with standards, analyse trends, and report to the Leadership Team and the Governance, Risk & Quality Committee.
